SUMMARY

Innovative and detail-oriented Information Technology student with hands-on expertise in Frontend Web Development and UI/UX Design. Current Google Student Ambassador and AWS AI Academy awardee, possessing a strong track record of building high-performance, interactive web applications using React.js and Next.js. Passionate about creative technology, seamlessly bridging aesthetic design (Figma) with scalable frontend architecture to deliver engaging digital experiences.

SKILLS

- | | | | |
|--------------|--------------------|-------------------------|------------------------|
| • React.js | • HTML5 | • Figma | • Figma |
| • Next.js | • CSS3 | • GitHub | • SEO Optimization |
| • JavaScript | • DOM Manipulation | • Responsive Web Design | • Basic AI Development |

PROFESSIONAL EXPERIENCE

Google Student Ambassador | *Google & Brawijaya University* March 2026 – Present

- Selected as the lead student representative to bridge Google's industry-standard technologies with the Vocational Studies developer community.
- Facilitate tech initiatives and workshops, promoting best practices in modern web development and software engineering to students.

Frontend Web Developer | *Badan Inovasi dan Kreativitas (BIK) Vokasi UB* February 2025 - Present

- Spearheading the development of Vokapedia, a central digital platform built with Next.js to showcase and commercialize student-led innovations and intellectual properties.
- Implemented dynamic product catalogs and SEO-friendly architectures, significantly increasing the visibility of vocational products to a wider market.

UI/UX Speaker & Mentor | *Provoks (Programmer Vokasi UB)* December 2025 - Present

- Invited as a speaker to deliver comprehensive workshops on UI/UX principles to 50+ students, focusing on creating aesthetic and user-centric interfaces.

Web Administrator & Creative Designer | *PSIK Faculty of Vocational Studies UB* January 2025 - February 2026

- Managed the faculty website via WordPress for 10+ academic staff, ensuring SEO-optimized content and 100% information accuracy.
- Designed visual assets and user-centric content using Figma, successfully driving a 1,100% increase in digital reach (from 1,000 to 12,000+ views).

Frontend Web Developer (Project-Based) | *PKKMB Vokasi Yuwaraja UB* August 2025 - September 2025

- Engineered a high-traffic student orientation portal using Laravel & Filament, successfully handling concurrent traffic from 1,000+ active students in a stable manner.
- Acted as a hybrid developer and creative specialist, generating 12,000+ views through strategic digital asset designs.

Frontend Developer (Freelance) | *ICASVE* January 2025 - March 2025

- Built admin dashboard frontend pages using Laravel in under 5 hours, ensuring on-time launch and seamless backend integration.

- Authored a comprehensive frontend manual book and executed 30+ manual test cases to guarantee production stability.

Frontend Developer & QA Intern | *PT. Nusantara Technology Solutions* May 2023 – August 2024

- Developed 10+ production-ready pages using React.js and Next.js, accelerating client delivery cycles by 20% through efficient RESTful API integrations.
- Translated complex Figma wireframes into clean, responsive code with 80%+ visual consistency.
- Highlight Project (JCM Indonesia): Implemented interactive animations and smooth transitions, significantly enhancing user engagement on the landing page.
- Reduced potential launch errors by 15% through routine QA testing and debugging.

AWARDS & CERTIFICATIONS

AWS AI Academy - AI Development | Amazon Web Services (AWS) March 2026 - Present

- Intensive training focused on building AI-driven solutions and mastering foundational AI development tools within the AWS cloud ecosystem.

Front-End Web Development Scholarship Awardee | IDCamp x Dicoding October 2024 – March 2025

- Earned a 9/10 (5-star) code review score for building a complex Bookshelf CRUD application using JavaScript (ES6+), Web Storage API, and Custom Elements (Web Components).
